

GALAXY CRUISES

COLLECTION

GALAXY CRUISES

Free your senses

Our philosophy is built on experiencing every destination with **all five senses**

Smell

Natural **aromas** that reveal the essence of each destination.

See

Colors and shapes that blend seamlessly with the surroundings, enhancing the beauty of the environment.

Feel

Surfaces that evoke memories, where every texture tells a story.

Taste

The perception of **flavors** that evoke emotions.

Listen

Sounds that accompany the journey and create a connection with the destination.

Switch off autopilot.
Awaken your senses on every journey.

COSTA

Free your senses in Costa Rica

At dawn, the call of howler monkeys fills the air, sloths rest quietly above your head, and cloud forests unfold beneath your feet. In Costa Rica, conservation is a way of life, and nature surrounds you, alive in every sight, every sound and every breath.

GALAXY CRUISES

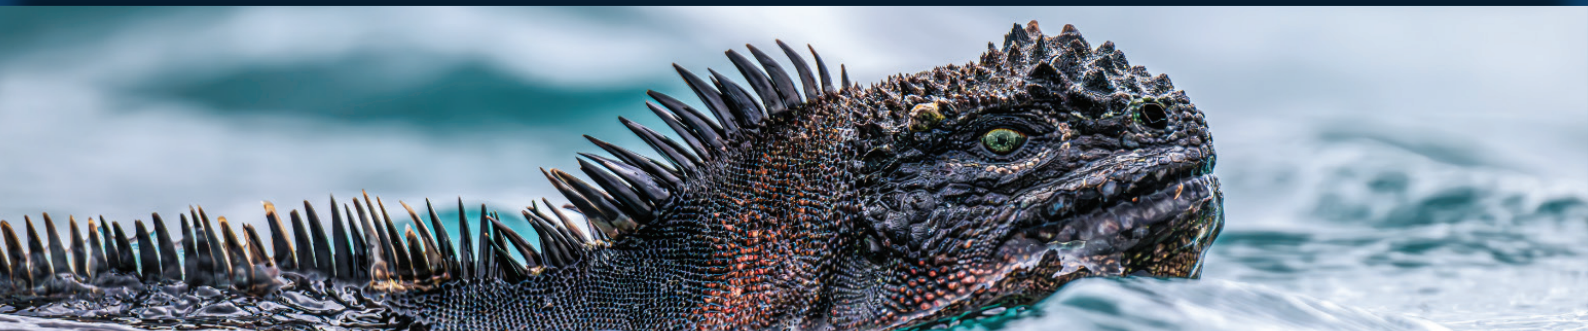

THE **GALAPAGOS** ISLANDS:

An experience like nowhere else on Earth:

There are places you visit, and then there is the Galapagos, a destination where you don't just observe nature, you walk alongside it:

- Over 30% of the wildlife is endemic. Here, you will share the islands with giant tortoises, marine iguanas, and Galapagos penguins that **exist nowhere else on Earth.**
- Declared a **UNESCO World Heritage Site** in 1978.
- Ranked by **National Geographic** as one of **the best diving destinations in the world.**

To see the Galapagos as they were meant to be seen, travel by expedition yacht. We invite you to explore our fleet on the following pages and book your journey.

Galaxy **Sirius**

www.**siriusonboard**.com

Galaxy Sirius invites you to experience the Galapagos in refined style, blending comfort, privacy, and attentive service that create an atmosphere of calm and connection throughout your voyage.
